

COMMISSIONING & TRAINING

ELECTRONIC CONTROL UNIT REPAIRS

We have well equipped facility for the repair of electronic units like LMI,AML, CPU, LMB et. to reduce the down time & additional cost incurred by the standard procedure of replacing costly boards which shall not ever readily available from trusted sources.

we are also testing the repaired boards by the use of simulators to ensure the reliability of the repairs so that there is no room for fear of repetitive failures.

MODIFICATION AND OPTIONAL SYSTEM INSTALLATIONS

Due to the frequent change in oil field safety rules and regulations coupled with the crane safety systems we are readily available to support for the installation of safety systems like the Anemometer, Swinging air craft warning lamps, rear view camera and parking sensors etc as a convenient schedule we are affective and reliable units.
